

Rebalancing Justice Rights for Victims of Crime

Victim Services of York Region and Remember Me Homicide Support Group in partnership with York Region Police is pleased to offer an afternoon symposium to heighten the awareness surrounding rights for victims of crime

Guest Speaker

Doctor Irvin Waller

A passionate champion of victims' rights, Irvin Waller is an author and university professor who is internationally sought after as an expert and speaker on stopping crime. He currently serves as the President of the US-headquartered International Organization for Victims' Assistance. He has an international reputation for his knowledge of what halts crime and protects victims. He has won international prizes and recognition for his success in getting that knowledge implemented. He has a special skill for framing the issues so that governments listen.
